Think about Your Medicare Coverage for Next Year

Each fall, Medicare allows you to change your Medicare health and drug coverage during the Annual Enrollment Period. It's important to review your coverage now to make sure it will meet your needs next year.

Important things to do:

- ☐ **Check the changes to our benefits and costs to see if they affect you.** It is important to review benefit and cost changes to make sure they will work for you next year. Look in Section 1 for information about benefit and cost changes for our plan.
- ☐ **Check the changes to our prescription drug coverage to see if they affect you.** Will your drugs be covered? Are they in a different tier? Can you continue to use the same pharmacies? It is important to review the changes to make sure our drug coverage will work for you next year. Look in Section 1 for information about changes to our drug coverage.
- ☐ **Think about your overall costs in the plan.** How much will you spend out-of-pocket for the services and prescription drugs you use regularly? How much will you spend on your premium? How do the total costs compare to other Medicare coverage options?
- ☐ **Think about whether you are happy with our plan.**

If you decide to stay with *Tennessee Valley Authority*:

If you want to stay with us next year, it's easy - you don't need to do anything. You will automatically stay enrolled in our plan.

If you decide to change plans:

If you decide other coverage will better meet your needs, you can switch plans anytime during the year. If you enroll in another prescription drug plan other than Tennessee Valley Authority, it may impact other benefits, such as medical coverage. Your new coverage will begin on January 1, 2016.

SECTION 1 Changes to Benefits and Costs for Next Year

Section 1.1 – Changes to the Monthly Premium

	2015 (this year)	2016 (next year)
Monthly premium	Tennessee Valley Authority sent you a letter with your 2015 Medicare premium.	Tennessee Valley Authority will send you a letter in the fall with your 2016 Medicare premium.

- Your monthly plan premium will be *more* if you are required to pay a late enrollment penalty.
- If you have a higher income, you may have to pay an additional amount each month directly to the government for your Medicare prescription drug coverage.
- Your monthly premium will be *less* if you are receiving “Extra Help” with your prescription drug costs.

Section 1.2 – Changes to the Pharmacy Network

Amounts you pay for your prescription drugs may depend on which pharmacy you use. Medicare drug plans have a network of pharmacies. In most cases, your prescriptions are covered *only* if they are filled at one of our network pharmacies.

There are changes to our network of pharmacies for next year. An up-to-date Pharmacy Locator tool can be found on our website at www.myCatamaranRx.com. You may also call Catamaran Member Services for updated pharmacy information.

Section 1.3 – Changes to Part D Prescription Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” We sent you a copy of our Drug List in this envelope.

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.** The Drug List we included in this envelope includes many – *but not all* – of the drugs that we will cover next year. If you don’t see your drug on this list, it might still be covered. **You can get the complete Drug List** by calling Catamaran Member Services (see the back cover) or visiting our website (www.myCatamaranRx.com).

If you are affected by a change in drug coverage you can:

- **Work with your doctor (or other prescriber) and ask the plan to make an exception** to cover the drug. You can ask for an exception before next year and we will give you an answer before the change takes effect. To learn what you must do to ask for an exception, see Chapter 7 of your *Evidence of Coverage (What to do if you have a problem or complaint (coverage decisions, appeals, complaints))* or call Catamaran Member Services.
- **Find a different drug** that we cover. You can call Catamaran Member Services to ask for a list of covered drugs that treat the same medical condition.

In some situations, we will cover a **one-time**, temporary supply. (To learn more about when you can get a temporary supply and how to ask for one, see Chapter 3 of the *Evidence of Coverage*.) During the time when you are getting a temporary supply of a drug, you should talk with your doctor to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug.

If you currently have a formulary exception on file for the 2015 plan year, you may need to submit a new request for an exception for 2016. The approval letter you received contains a start and end date for the approval. Please refer to this letter to determine if a request for a new exception is needed.

Changes to Prescription Drug Costs

There are four drug payment stages. How much you pay for a Part D drug depends on which drug payment stage you are in.

The information below shows the four drug payment stages. You can also look in Chapter 4 of your *Evidence of Coverage* for more information about the stages.

Note: If you are in a program that helps pay for your drugs (“Extra Help”), **the information about costs for Part D prescription drugs may not apply to you.** We will send you a separate insert, called the “Low Income Subsidy Rider” or the “LIS Rider”, which tells you about your drug coverage. If you receive this insert, please call Catamaran Member Services at 1-855-207-5871, 24 hours a day, 7 days a week. (TTY users call 711)

SECTION 4 Programs That Help Pay for Prescription Drugs

You may qualify for help paying for prescription drugs. There are two basic kinds of help:

- **“Extra Help” from Medicare.** People with limited incomes may qualify for Extra Help to pay for their prescription drug costs. If you qualify, Medicare could pay up to seventy-five (75) percent or more of your drug costs including monthly prescription drug premiums, annual deductibles, and coinsurance. Additionally, those who qualify will not have a coverage gap or late enrollment penalty. Many people are eligible and don’t even know it. To see if you qualify, call:
 - 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048, 24 hours a day/7 days a week;
 - The Social Security Office at 1-800-772-1213 between 7 a.m. and 7 p.m., Monday through Friday. TTY users should call, 1-800-325-0778; or
 - Your State Medicaid Office.

- **Help from your state's pharmaceutical assistance program.** There are programs that help people pay for prescription drugs based on their financial need, age, or medical condition. To learn more about the program, check with your State Health Insurance Assistance Program.
- **Prescription Cost-sharing Assistance for Persons with HIV/AIDS.** The AIDS Drug Assistance Program (ADAP) helps ensure that ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Individuals must meet certain criteria, including proof of State residence and HIV status, low income as defined by the State, and uninsured/under-insured status. Medicare Part D prescription drugs that are also covered by ADAP qualify for prescription cost-sharing assistance. For information on eligibility criteria, covered drugs, or how to enroll in the program, contact the program in your local state of residence.
